CCIC EUROPE B.V.

中国检验认证集团欧洲有限公司

Your Partner for Food Testing

- Expert in EU and China food safety regulations
- Advanced laboratory facilities for all your testing needs
- Training, consulting, quality control and risk assessment
- Working in compliance with ISO/IEC 17020 and ISO/IEC 17025 standards

Our Services Are Unique

Our services are based on our expertise of the Chinese regulatory requirements. Each of our services is intermixed with custom solutions for your specific needs.

The procedure of food testing service:

1

Receive information of product type, export condition, and any specific inquiries

2

Assessment of situation, based on Chinese regulations, GB standards, and other requirements from the client

3

Arrange the schedule for steps, such as: labeling, sampling, inspection, etc.

4

Perform product sampling and testing, in accordance to the requirements of China

5

Issuance of test report and provide post-testing support and advice based on the actual results

Our Special Features

- Trustworthy strategic partner of Chinese Authorities and international institutions
- Global business network, within your reach
- Localized business operation, catering to your needs
- Fast and precise information, keeping you updated

Accelerate Your Export Through a Safe Gateway

Backing up our services is the accreditation with ISO/IEC 17020 in our inspection activities, and ISO/IEC 17025 with our laboratory facilities. We offer the best competence in Chinese Food Safety Regulations and the proper worldwide network in order to achieve product compliance and quality certifications.

From the field to the fork, our outstanding facilities for testing food attributes together with our team of international experts support the food and agriculture industry to accelerate its business and successfully tackle trade barriers.

Your Key to Quality and Safety

Located in Rotterdam, the Netherlands, CCIC Europe B.V. is one of the biggest overseas branches of China Certification and Inspection Group (CCIC), an independent Third Party Certification and Inspection Organization dedicated to providing: inspection, testing, auditing and certification services.

CCIC Europe has the experience and expertise in risk assessment and quality standards. We ensure quality and safety at all stages of the food chain.
